

# District Offered Programs

## BUS TRANSPORTATION

Students who reside within the district boundaries and live within a school’s transportation zone may be bused to school. Students attending Estrella Foothills and Vista del Sur may utilize bus transportation from any of the Laveen schools. [www.laveenschools.org/transportation](http://www.laveenschools.org/transportation)

## CHILD NUTRITION

Proper nutrition is important for growing bodies and growing minds. As part of the National School Lunch program, students are guaranteed a healthful breakfast and lunch that are rich in whole grains, fruits, and vegetables. Breakfast is provided at no charge before school to all students. Lunch is \$2.60. Families may qualify for free or reduced-price lunch. [www.laveenschools.org/child-nutrition](http://www.laveenschools.org/child-nutrition)

## PRESCHOOL

Preschool is available for students age three to five years old at select sites. Certified teachers teach the academics –based program to prepare children for kindergarten. Preschool programs are designed to provide developmentally appropriate social, educational, and physical experiences that enhance the child as a whole. Preschool is tuition-based. [www.laveenschools.org/preschool](http://www.laveenschools.org/preschool)

## FULL DAY KINDERGARTEN

Students who are five years old by August 31 of each year may enroll in Full Day Kindergarten. Children who reach age five by December 31 may be tested and accepted based on level of readiness. There is no fee to attend. [www.laveenschools.org/kindergarten](http://www.laveenschools.org/kindergarten)

## BEFORE/ AFTER SCHOOL PROGRAMS

Kids Club offers carefully planned, well-supervised activities for children in Grades K-6. Activities are designed to not only interest your child, but also foster his/her emotional well-being and social, physical, and critical thinking skills. Activities include games, sports, hands-on science, arts and crafts, and music. Time is set aside for homework assistance and snacks are provided. Kids Club is licensed by the Arizona Department of Health Services. Camps during school breaks are also available. [www.laveenschools.org/kids-club](http://www.laveenschools.org/kids-club)

## GIFTED EDUCATION

Laveen’s gifted education program provides services for students with superior intellect or advanced learning ability who require differentiated educational programs and/or services beyond those normally provided by the regular school program to achieve at levels commensurate with the child’s intellect and ability. Because not all gifted students are alike, program modifications for gifted students are sufficiently varied and flexible so as to provide challenging learning experiences and appropriate resources. [www.laveenschools.org/gifted-education](http://www.laveenschools.org/gifted-education)

## SPECIAL EDUCATION

Special education is available for students found to be eligible for and in need of special education services. The school provides Special Education according to an individualized education program (IEP) which provides a free and appropriate public education. Screening for preschool aged children is available on scheduled dates throughout the year. [www.laveenschools.org/student-services](http://www.laveenschools.org/student-services)

# Estrella Foothills Global Academy

## Global Studies

5400 W. Carver Road | 602-304-2050

12/23

## About the Program

Estrella Foothills Global Academy features global studies as its signature program. This program creates opportunities for students to think and engage in learning activities that broaden their global perspective.

The program is built around four domains of global competence: Investigate the World, Recognize Perspectives, Communicate Ideas, and Take Action. The program is modeled after the Asia Society's Global School Design, which ensures all aspects of the school community are designed to support a global focus.

Estrella Foothills Global Academy is an International Baccalaureate (IB) World School school offering the Middle Years Programme. Estrella Foothills collaborates with IB as we aim to provide a world class education that focuses on attributes that can help individuals and groups become responsible members of local, national, and global communities and help students to become lifelong learners.

## MANDARIN CHINESE

Students will experience learning the Mandarin language with exposure in the primary grades and full language exploration beginning in 5th grade.

## IB MIDDLE YEARS PROGRAM

Through International Baccalaureate's Middle Years Programme, all students will embark upon the focused learning attributes with every lesson including a Statement of Inquiry and three specific inquiry questions (Factual, Conceptual, Debatable).

## STUDENT INVOLVEMENT

In addition to the academic experience Estrella Foothills students receive, there are also several opportunities to participate in extracurricular activities. National Junior Honor Society, Student Council, and intramural sports are among just a few opportunities in which our students can participate.

## TECHNOLOGY

Thanks to the support of Laveen's community, the district has a 1:1 student-to-computer ratio providing each student with a device that they can use daily. The devices complement the district's core curriculum, which all have digital platforms, allowing students access to instructional materials and resources online. Arizona's academic standards require students to use technology to research, collaborate, and demonstrate their learning. All students have user accounts which can be accessed from both school and at home to share documents and projects with other students and the teacher.

## Core Curriculum

### MATH

Arizona's Mathematics Standards require students to demonstrate a deep understanding of math and develop strong critical thinking skills. Laveen's adopted mathematics curriculum includes McGraw-Hill's My Math for Grades K-5 and Glencoe Mathematics for Grades 6-8. These programs are aligned to Arizona's standards and are available in both traditional and digital formats. Advanced coursework including high school level algebra is offered at all schools.

### ENGLISH LANGUAGE ARTS

Arizona's English Language Arts standards call for an integrated approach to teaching reading, writing, language, speaking and listening. Laveen strives to promote literacy across all of the content areas, exposing students to a rich balance of fiction and nonfiction texts. Students read selections from a wide range of text types and integrate research, writing and media skills through technology. Laveen's ELA curriculum includes Savvas ReadyGen for Grades K-5 and McGraw-Hill's StudySync for Grades 6-8. Both programs feature traditional and digital learning platforms.

### SCIENCE

Discovery Education Science connects students to their inner curiosity by placing them at the center of each three-dimensional learning experience. The curriculum engages students in authentic investigations to uncover the mysteries of the universe. Hands-on and virtual investigations, STEM activities, and a variety of science resources are provided to support all levels of learners. Science Techbook and Middle School Science meets both Arizona's science standards as well as the Next Generation Science Standards. These programs feature traditional and digital learning platforms.

### SOCIAL STUDIES

The Arizona History and Social Science standards build across grade levels in a progression of knowing and applying concepts aligned to history, government, geography, and economics. To support this progression, Teacher's Curriculum Institute (TCI) social studies is provided in 6th-8th grades and integrates proven teaching strategies, engaging content, and meaningful technology. Students in Grades 1-4 use McGraw-Hill's Impact Social Studies and 5th graders use McGraw-Hill's Discovering our Past: United Studies, Arizona Edition. These programs provide rigorous learning experiences to help them understand the world around them. These programs feature traditional and digital learning platforms.

"Our goal is to provide a world class education for every student that will prepare students to meet the challenges of a global 21st century.

-Erin Lebish, Principal

## REGISTRATION

Families may enroll in EFGA regardless of where they reside, space permitting.

Families may enroll their children using our secure online portal or by downloading and completing a paper registration packet available at [www.LaveenSchools.org/registration](http://www.LaveenSchools.org/registration) or in the school's front office.
